REFRIGERATORS

IMPORTANT PRESS RELEASE – JULY 19TH 2021

PRICING INFORMATION

Over the past 15 months, and particularly since beginning of this year, we have seen unprecedented and continuing rises in the costs of raw materials and some components. Regrettably, we have now reached a position where we have no option but to pass on some of these additional costs. Consequently, there will be a price increase averaging around 5% across the board. We are issuing a revised 2021 Price List which will come into effect on August 1st and which will apply to all orders placed from that date. Copies can be downloaded from our website front page.
