

OSBORNE REFRIGERATORS

Model MM3M

Height (mm) 520

Width (mm) 350

Depth (mm) 520

Nett Capacity (ltr) 23

Osborne Refrigerators Ltd have been established at our West Sussex base for over 50 years and we are the leading British manufacturer of refrigerators designed for the chilling and storage of cold beverages and food stuffs. As well as our standard range of cabinets, which are specified by leading breweries, drinks manufacturers and leisure companies across the world, we also produce a number of high quality cabinets designed for more specialist sectors such as medical use.

All our refrigerators use CFC-free polystyrene insulation and environmentally friendly R600a hydrocarbon refrigerant (R134a can be supplied as an alternative to special order). All packaging is recyclable and the cabinets themselves can be efficiently recycled at the end of their life.

The Osborne range is always evolving, due to our commitment to constantly improve our products and also in response to specific customer requirements. We have built an enviable reputation for the quality and reliability of our refrigerators and we will never stop working to maintain that reputation.

Details

Model MM3M is a compact single door cabinet designed for the safe and convenient storage of milk. It can be supplied with a milk-delivery tube set to allow chilled milk to be pumped straight from inside the cabinet into a coffee machine and it's size allows it to be situated almost anywhere, even built in to the coffee machine itself. Manufactured from oven-baked enamel coated zintec steel with a stainless steel interior, the unit can be supplied with either a glass or solid door. The interior is fan-circulated for consistent cooling performance and the interior lighting is by LED for increased energy efficiency. The unit is supplied with a digital temperature readout on the door for easy reference.

Features

Automatic defrost and re-evaporation
 Fan assisted interior
 LED interior lighting
 R600a hydrocarbon refrigerant
 Digital temperature readout
 Painted steel exterior
 Stainless steel interior

Options

Glass or solid door
 R134a refrigerant
 Stainless steel exterior
 Choice of colours
 Milk-delivery tube set
 Alternate voltages

Cabinet Specifications
