

OSBORNE REFRIGERATORS

Meat Aging Cabinet

The Osborne **eCold** range...
...saving pounds and the planet.

Our new MAC130 meat aging cabinet is designed to the same low energy, eco-friendly standards as the rest of our products. LED lighting and low voltage fans keep energy consumption down while maintaining performance and the waste heat from the compressor is used to evaporate the defrost water. Construction is stainless steel with a 304 grade stainless steel interior. The MAC130 is compact enough to be sited on a counter, but is also available with an optional stand which is fitted with castors for easy movement.

<u>Physical</u>	MAC130
Height (mm)	750
Width (mm)	600
Depth (mm)	700
Shelves	2
Capacity (ltr)	130
Weight (kg)	100
<u>Optional Stand</u>	
Additional Height (mm) (including castors)	810 1180
